By Nancy Alvarez

Instructions: Print cards and sorting mat on cardstock, cut and laminate for durability. Makes several copies of graphing sheets. Students will also need something to color in their graph.

How to use: (2-4 players)

Prepare the game by mixing up all the picture cards. Place them facedown in the blue box of the Initial Sound Graphing card mat.

Object of the game: Each player takes a card during their turn, places it face up in the red box and graphs the initial sound of the picture. Each player does the same thing until a player reaches 6 of the same initial sound on the graph. Students then answer the rest of the questions.
